

NASTIA KOTLIAR

Software Developer

315-561-5551

kotliar.dev@gmail.com

Oswego, NY

SUMMARY

Software developer with over one year of hands-on experience working on real-life projects in a country-recognized company, along with personal projects. Current Computer Science student focused on backend development, with some frontend experience. I enjoy building application logic, solving complex problems, and learning new tools. Coding feels like a favorite game to me – challenging, engaging, and rewarding.

EDUCATION

Finger Lakes Community College

A.S. in Computer Science

2026 – 2027 (Expected)

- GPA: 4.0

TECHNICAL BACKGROUND

- Self-taught developer
- API development
- Database design
